

PSAT[®] 101

Informed students make
better choices.

The Princeton Review is proud to partner with Beverly Hills HS College Center and PTSA to provide BHHS students with this intense, three hour workshop on the PSAT. Students looking ahead to the PSAT in October will get the basics on content, structure, and strategy, as well as tips on how this exam relates to the SAT.

Designed by a team of test-prep experts, our PSAT workshop is lead by an expert instructor who will provide exclusive test-taking strategies. The Princeton Review PSAT workshop will help alleviate test-day anxiety and will introduce techniques that can help make a difference in student scores.

PSAT Workshop for Juniors and Sophomores!
