

“When students and parents ask me for test prep options, I provide a list. When they ask for recommendations, I only provide one. The directors of Compass are honest, respected, and smart. They are more interested in guiding than selling - a refreshing find in test preparation.”

Former Senior Admission Officer, Stanford University

Beverly Hills High School: Take a FREE ACT or SAT Practice Test!

Presented by Compass Education Group

The ACT is an increasingly popular alternative to the SAT. Students should carefully consider which option suits them better, make the correct decision, and focus exclusively on one test or the other as they make their way through the college admission process. We have scheduled a FREE practice test to help students determine which test will better reflect their strengths.

ACT or SAT Practice Test Saturday, November 19th, 9am - 1pm

- ▶ Take an actual, full-length ACT or SAT practice test
- ▶ View your scores on-line within a week
- ▶ Request a one-on-one consultation to review your results
